Career Objective

Motivated and detail-oriented Bachelor of Engineering student in Computer Science and Engineering with specialization in Artificial Intelligence and Machine Learning. Possesses a strong foundation in Python, C++, Data Structures and Algorithms, and problem-solving. Actively developing skills in machine learning systems and API-based application development using FastAPI. Seeking a challenging internship opportunity to apply technical knowledge, gain industry exposure, and contribute to scalable and high-performance software solutions.

Education

Bachelor of Engineering in Computer Science & Engineering (Artificial Intelligence and Machine Learning) (2025–2029)
Chandigarh University, Mohali, Punjab SGPA: 7.63

Senior Secondary Education: CBSE Board (2024–2025)
Sadhguru Public Hr. Secondary School, Uttar Pradesh Percentage: 73%

Secondary Education: Matriculation CBSE Board (2022–2023)
Sadhguru Public Hr. Secondary School, Uttar Pradesh Percentage: 86%

Projects

ML Basics – Linear Regression from Scratch (Jan 2026)

Role: Machine Learning Developer

- Implemented Linear Regression from scratch using Python to strengthen understanding of core machine learning concepts, including cost function computation and parameter optimization
- Performed data preprocessing and model evaluation to analyze prediction accuracy and learning behavior
- Utilized NumPy and Pandas for efficient numerical computation and structured data handling

Patient Data Management System using FastAPI (Dec 2025)

Role: Backend Developer

- Developed a RESTful API using FastAPI to manage patient data with structured request and response validation
- Implemented complete CRUD operations using Pydantic models, ensuring clean API architecture and data consistency
- Designed modular and scalable backend components following best practices in API development

Skills

Technical Skills: Python, C++, C, FastAPI, Machine Learning, Data Structures & Algorithms (DSA), HTML

Tools / Platforms: GitHub, VS Code, Code::Blocks, Google Docs, FastAPI, Kaggle, LeetCode

Interpersonal Skills: Communication, Adaptability, Problem-Solving, Open-Mindedness

Achievements

- Contributed to a **Google Summer of Code (GSoC)** organization by submitting a pull request, improving project functionality, and collaborating with open-source maintainers

Certifications

- Programming Foundations with JavaScript, HTML and CSS — Duke University
- Introduction to Artificial Intelligence — Intel Corporation
- Generative Artificial Intelligence — LinkedIn

Hobbies

- Playing Basketball
- Reading Books
- Blogging
